First ITM Installed in Winfield RCB Bank

WINFIELD, Kan. – RCB Bank is excited to announce a new Interactive Teller Machine (ITM) has been installed at the RCB Bank location at 1421 South Main Street location.

“If you have not seen or used an ITM yet, come check it out,” says Winfield Market President Gregg Conklin. “The ITM gives our customers even more ways to bank with us and with convenience they will love.”

The self-service ITM gives customers a number of flexible and convenient banking options. Customers can video chat with a teller during extended hours, complete a wide range of personal and business transactions, and choose their denominations when withdrawing money.

“We are proud to be the market leader with the introduction of the first ITM in Winfield,” adds Conklin.

RCB Bank and its predecessor company CornerBank, have been the first to introduce many new and progressive banking services to Winfield, including a Bank posting machine in 1916, a drive in motor bank in 1966, an ATM in 1981, internet banking in 1997 and now, in 2020, they have installed the first ITM.

Customers are invited to try out the ITM and be automatically entered for a chance to win prizes. If you video chat with a teller, you will be entered to win one of four Visa gift cards and \$500 cash. You can live chat with an RCB Banker to win during available video chat hours between October 5 – 31.

Must be age 18 and over to enter the Chat to Win Giveaway. No transaction required. Do not have to be an RCB Bank customer to enter. See official rules.
