Mint®
Instructions

Mint® Mobile App

1. Open the Mint® app and select **Profile** in the top corner

2. Select **Accounts** and then tap the name of your bank

3. If you're on an Android device, select the three dots in the top corner then **Edit Credentials**. Skip to step 5

4. If you're on an iOS device, select **Edit Login**

5. Follow the instructions on the next screen until you can select **Save & Connect**

6. Your account will reconnect and download any missing transactions from the past 90 days

Mint® Web

1. Sign in to **Mint.com** and select **Settings** from the side menu

2. Select the account you'd like to activate

3. Under Status, select **Active** from the drop-down menu. If you don't see Status, you'll need to re-add your account

4. Select **Save**
