

Set Up Alerts on your Account

Getting Started

Below are the steps to access the Alerts menu on desktop browsers as well as mobile browsers and the RCB Bank Mobile Banking App. Once you have accessed the Alerts menu, the process of setting up alerts will be similar on desktop and mobile devices.

Accessing the Alerts menu on desktop browsers

Visit RCBbank.bank to login to Online Banking

- 1 Click on "Settings" on the left-hand side of the Home screen.
- 2 To open the Alerts menu, click on "Alert Settings" on the top right side of the Home screen.
- 3 Click the New Alert button on the top right of the Alerts menu to create a new alert.

Accessing the Alerts menu on mobile web browsers and the RCB Bank Mobile Banking App

RCB Bank Online Banking and the Mobile Banking App are built to be responsive on mobile devices, therefore the menu navigation to reach the Alerts menu on mobile devices is different. The screen-shots below highlight how to access the Alerts menu on your mobile device.

Other Alert Types and Opt-Out Information

RCB Bank Online Banking offers many other useful alerts, such as:

Online Transaction Alerts

Receive notifications if there is change of address, check reorder, funds transfer or stop payment.

Reminders

Receive notifications on important events like birthdays, anniversaries or other important dates.

Text Alert Opt-Out Information

- Reply STOP to 86434 to opt-out of receiving alerts by text. If you have replied STOP to opt out of receiving alerts by text, you will need to reply START to 86434 in order to receive alerts by text again.
- Replying STOP will not affect any alerts set up via push notification, email or voice notification.
- Replying STOP will not affect Text Banking.
- **NOTE:** Replying STOP to 86434 will also affect the ability to receive security access codes by text. The only option to receive security access codes would be via phone call.
